

International Conference on Natural Products

the 3rd Wudang International Traditional Chinese Medicine Forum

[First Announcement]

You are cordially invited to join the International Conference on Natural Products and the Third Wudang International Traditional Chinese Medicine Forum in Shiyan, Hubei Province, China in **August 21-25, 2023**.

With the theme of “Modernization and Internationalization of Chinese Medicines”, this symposium will cover five subject categories in Chinese Medicines/natural products: 1) Quality control and Drug Administration; 2) Phytochemistry; 3) Pharmacology and Toxicology; 4) Translational Research and Clinical Study; 5) Others.

The International Conference on Natural Products and the Third Wudang International Traditional Chinese Medicine Forum draw together internationally renowned scholars, scientists, and Chinese medicine practitioners specialized in various fields of Chinese medicines and natural products, the conference will be an interdisciplinary forum where these experts exchange their latest scientific achievements and share their experiences. The conference will also act as a platform for participants to make friends and exchange internationally. We believe that your participation and contribution will make our symposium a more fruitful one.
